## Features

- Featuring Unigloves NitreGrip Technology
- Double lined brushed acrylic thermal inner
- Dual nitrile coating
- Sandy nitrile palm coating
- Hi viz yellow
- Excellent dry, wet and oily grip
- Elasticated knitted wrist
- Food approved

## Benefits

- Unigloves NitreGrip Technology is a new, advanced surface treatment that provides an assured grip when working in dry, wet or oily conditions. The technology reduces the force needed to grip, reducing hand fatigue
- Specially developed, brushed acrylic, thermal liner provides both comfort and thermal protection from the cold to the wearer
- The flexible dual nitrile coating consists of a fully coated, flat nitrile base layer providing liquid resistance to the wearer and full 360° hand protection
- The sandy nitrile palm coating is resistant to oils and grease acting as a physical barrier. In addition, the sandy nitrile gives exceptional grip in dry, wet and oily environments
- Enhanced high visibility for safety
- Elasticated knitted wrist ensures a secure fit and keeps hands free of dust ingress
- Suitable for use in food areas, except with acidic foods
