C Features

- Featuring Unigloves NitreGrip Technology
- Light weight seamless nylon liner
- Flat nitrile full coating with sandy nitrile palm coating
- Full Coating (FC) on the glove
- Excellent abrasion protection
- Food approved

C Benefits

- Unigloves NitreGrip Technology is a new, advanced surface treatment that provides an assured grip when working in dry, wet or oily conditions. The technology reduces the force needed to grip, reducing hand fatigue
- The ergonomic design with the seamless knitted nylon liner gives ultimate comfort and dexterity and offers a tactile feel in use
- Utilising two layers of nitrile for maximum protection
- Fully coating the hand providing protection against ingress of liquid
- The second layer of sandy nitrile on the palm gives excellent abrasion protection, durability and longevity whilst maintaining grip in oily tasks
- Suitable for use in food areas, except with acidic foods

🗘 Sectors

- Transport and Logistics
- Construction & Utility
- Manufacturing & engineering
- Waste management
- Local Authority
- Maintenance
- Oil & Gas
- Food processing
